

Re-Install F5 VPN

1. Open Finder from the Dock

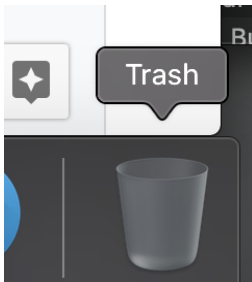

2. Click on “Applications” in the left window pane

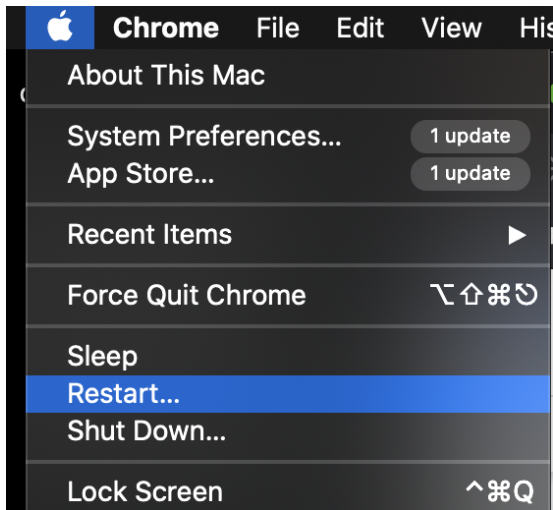

3. Find F5 VPN

4. Drag the icon for F5 VPN to the Trash bin on the Dock

5. Click on the Apple Icon in the top left corner and click “Restart...”

6. Make sure “Reopen windows when logging back in” is unchecked and click “Restart”

7. After logging back into your MacBook, follow the instructions on installing the “MAC OS F5 VPN Setup” instructions from:
